# New technologies that improve mining projects

AM Sessions		PM sessions	
7:30-8:00	Registration	14:30 a 15:00	Registration
8:00 - 8:15	Hotel's safety induction	15:00 a 15:15	Hotel's safety induction
8:15 a 8:30	Opening Remarks & goals Fernando Samanez Vice President MPS Sales Pacific Rim MA	15:15 a 15:30	Opening Remarks & goals Claudio García VicePresident MSE Sales
8:30 a 9:00	In-the-pit Solutions: conveying the future with the public transport of mining Dusty Jacobson Applications Manager	15:30 a 16:00	Engineered-to-Order (ETO) Services:Collaboration is the key. Felipe Gallardo Equipment Refurbishment Assistant Manager
9:00 a 9:30	New generation of crushers: MP2500, MP1000 -> MP1250 retrofit, Symons replacement. Fernando Moya Senior Capital Equipment Engineer	16:00 a 16:30	Antofagasta Metso Service and Repair Centers Claudio Zamorano MSC Manager Pacific Rim
9:30 a 10:00	Energy Saving Idlers Excellent reliability, performance and low transport cost. Patricio Mujica Capital Equipment Manager	16:30 a 17:00	Global Supply Chain & Quality Control Gerardo García Distribution & Logistics regional manager and Head of Procurement Pacific Rim
10:00 a 10:30	HRC the largest high-pressure grinding roll in the world VTM : Intelligent 2ry and 3ry grinding process solution. Alan Boylston VP-Process Engineering Development Global Sales Support	17:00 a 17:30	Effect of mill specifications on quality and price Frank Tozlu Product Manager Large Mills
10:30 a 11:00	COFFE BREAK	17:30 a 18:00	Welcome to LCS Reliability Engineering José Luis Olaeta LCS Manager
11:00 a 11:30	Maximum flotation recovery with new RCS 3000 flotation mechanism. Rodrigo Nuñez Senior Process Equipment Engineer	18:00 a 20:00	COCKTAIL
11:30 a 12:00	Dewatering with enviromental awareness: Vertical plate pressure filter VPA Alan Boylston VP- Process Engineering Development Global Sales Support		
12:00 a 12:30	QdX4™ Mill Drive System: helping customers achieve high efficiencies in mining operations. Frank Tozlu Product Manager Large Mills		
12:30 a 13:00	The new MHC™ Series Hydrocyclone Fine classification in wet minerals processing. Thierry		
13:00 a 13:30	LUNCH
